WHAT'S SO ' HATKE ' ABOUT OUR CAMP...

 We will be exploring the jungles of Javali (Mahabaleshwar valley), its varied flora and fauna, our forts, their glorious history, and their archaeological and geographical importance.

 Let us also instill in children participants the values of team leadership, planning, and cooperation.

During short treks, we will camp in the jungle, then on the fort, and finally, participants will set up their own camp beside the watershed. They will cook and take responsibility for managing the camp.

OUR AIM IS TO –

Build leadership qualities and team spirit through better coordination and planning Create social and environmental awareness. Inculcate in kids the habit of meditation and yoga for their benefits Stay away from screens and virtual reality Keep our noble past alive in everyone's mind.
